FCC Mail Room

In the Matter of)
) MB Docket No. 13-249
Revitalization of the AM Radio Service)

Comes now, Lee Davis, Jr., President of CUB Radio, Incorporated (hereinafter, "CUB Radio") with comments in the Commission's Notice of Proposed Rulemaking, adopted October 29, 2013. CUB Radio is the owner of one AM radio station licensed to Two Rivers, Wisconsin, and one FM radio station, licensed to Manitowoc, Wisconsin.

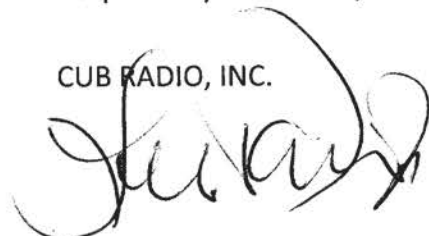

SUPPORT OF FM TRANSLATORS FOR AM LICENSEES

That, CUB Radio agrees that the Commission should open an "FM Translator Filing Window" exclusively for AM licensee and permittees. CUB Radio also agrees that each translator should be 'locked' into the AM license, so the two may not be sold off, individually. CUB Radio admits that this part of the FCC's initiative is not really 'AM Improvement' but an 'olive branch' extended to small market AM broadcasters and especially smaller AM radio stations, who need help. CUB Radio would apply for, and if granted, would construct and operate an FM translator for our AM station, namely, WCUB-AM, Two Rivers, WI.

We thank the Commission for taking a review of problems which affect AM broadcasters today, and look forward to improvements that will help thousands of AM broadcast stations.

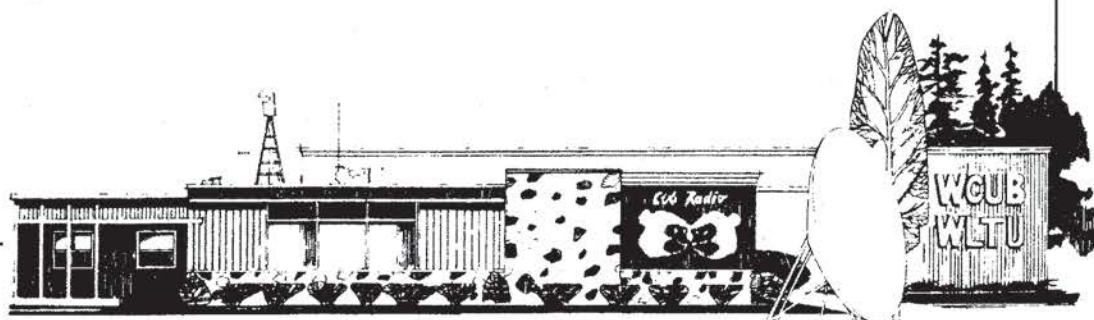

Respectfully submitted,

CUB RADIO, INC.

Lee Davis, Jr.

President/General Manager
